AdvancedRx®

Work electronically to save time & improve communication
while increasing patient satisfaction.

Secure

Electronic prescriptions transmit in a federally mandated digital format (NCPDP) through the entire transmission process.

Safe

AdvancedRx allows you to view insurance formularies & receive alerts for drug-to-drug, drug-to-allergy & drug-to-disease interactions.

Automated

Send scripts to any U.S. pharmacy reducing follow-up calls while improving patient convenience & compliance.

PRESCRIBE WITHOUT PAPER.

When you adopt a paperless prescription workflow with AdvancedRx you achieve higher levels of security, organization and productivity.

You can quickly review medication and allergy lists, import medication histories, choose medications based on patient formulary, link multiple pharmacies to a single patient, link one or more pharmacies to an individual patient at the point of care by pharmacy type, retail or mail order, and confirm & sign prescriptions.
