

FOR CONSULTANTS

Value-add to solidify your partnership with independent medical providers

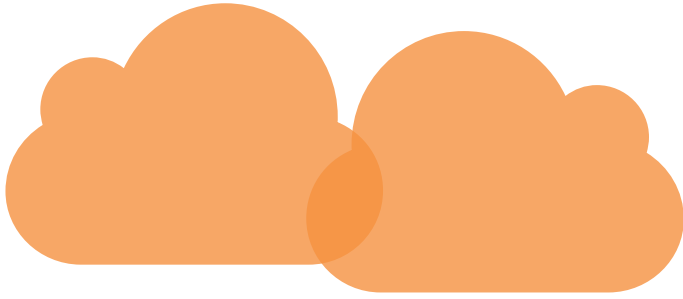

AdvancedMD understands practice consultants and your clients' needs. We tailor our technologies and services to ensure your lifelong success.

Complete cloud software for independent medical practices.

Empowering healthy practices & healthy patients through integrated physician & patient workflow.

All cloud.
Always compliant.
Accessible anywhere.

Since 1999, we have assisted consultants, equipping you with tools to support independent physicians and staff with a comprehensive suite of medical office management solutions. Helping your clients upgrade to the right software can be one of the best improvements a practice can make.

AdvancedMD is a leading ambulatory healthcare technology company that employs more than 500 people. We serve an expansive national footprint of more than 22,500 practitioners across 8,000 practices & 600 medical billing companies.

The all-in-one AdvancedMD cloud suite is the unparalleled choice for total practice performance. All technologies are seamlessly integrated as a unified bundle to give a consistent user experience & immediate access to all data that is managed in the AdvancedMD cloud.

Medical practices can achieve remarkable performance: the ability to manage higher patient volumes with improved productivity & financial outcomes.

Core Values

Flexible.

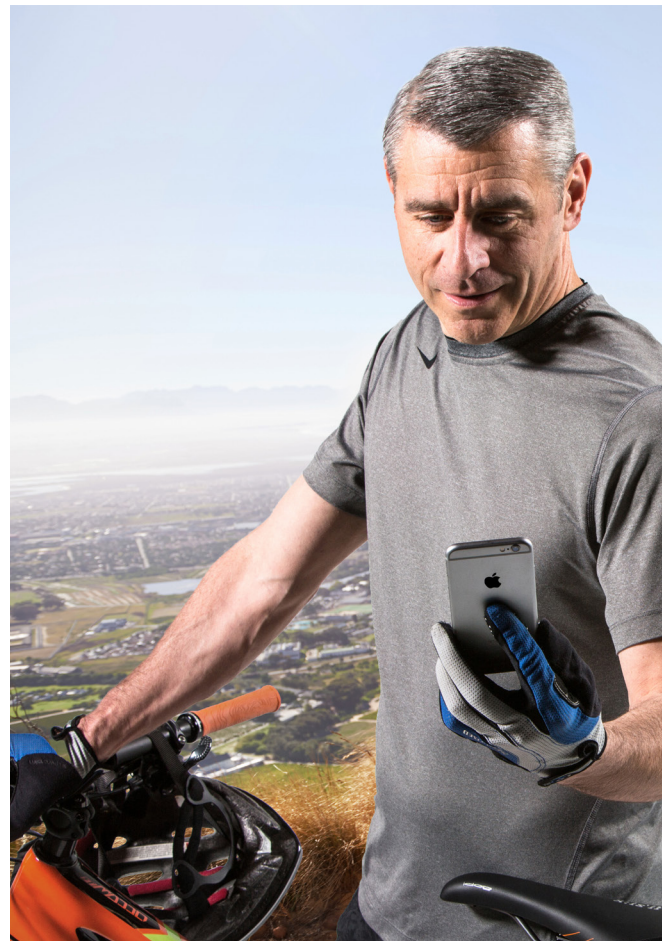

AdvancedMD promotes a vibrant, collaborative & diverse culture that is open-minded & embraces change.

Insightful.

We employ innovative industry experts who transform client businesses by delivering winning outcomes.

Trusted.

Our experienced, reliable & accountable advocates support our clients with unwavering integrity.

Your success is our business.

Our focus benefits you and your physician clients. As the needs of your firm grow and evolve, your dedicated AdvancedMD champion will be your single point of contact for all medical software and service needs of your physician clients.

Every consultancy practice is different. That's why we offer options.

Great software is just the beginning.

We are not just a typical software vendor. We are your partner and our organization has a large stake in your growth and success. We employ a team whose sole purpose (and livelihood) is centered on working along side you and helping your firm attract and retain physician clients. Put the power of our AdvancedMD partnership to work in growing your physician client base today.

Earn money while retaining clients

Refer your clients to AdvancedMD. You will continue to provide them with trusted advisory and consulting services while AdvancedMD expertly provides medical office products and services.

Earn rewards for referring your physician clients. The referral program offers you the chance to earn points towards valuable gifts for you or your firm.

Broad range of services.

For the small, independent private practice, AdvancedMD can assist your physician clients with the products and services best suited for their needs.

Advanced **Billing**

Clearinghouse automates manual processes & improves workflow with a claims center that auto-generates worklists & tracks claims status.

Advanced **EHR**

Mobile tools, task dashboard, specialty & customizable templates & subnotes-on-the-fly for an entirely new way to manage health.

Advanced **Telemedicine**

Tap into the hottest trend in healthcare with virtual visits. Attract new patients especially in rural areas with our integrated technology.

Advanced **Patient**

Targeted patient interactions via appointment reminders, patient messaging, iPad check-in kiosk, patient portal & online consent forms.

Advanced **MobileDoc**

Our easiest way to access all your practice & clinical data from the convenience of the iPad & iPhone.

Advanced **EPCS**

Electronically prescribe controlled substances to satisfy emerging state & federal requirements.

Advanced **Rx**

Work electronically to save time & improve communication while increasing patient satisfaction.

Advanced **Fax**

Manage information quickly & securely by converting a manual fax process to paperless.

Advanced **Scheduling**

Our easiest way to create an optimal schedule, meet physician expectations & staff capacity despite no-shows & cancellations.

Advanced **Rooming**

Easily track patients throughout the visit – from check-in to checkout with seamless automation to keep your practice nicely organized.

Advanced **Reminders**

Appointment reminders let you see more patients, increase patient satisfaction & make more money.

Advanced **Messaging**

Our simplest way to send relevant messages that delight patients & sell more services.

Advanced **Insight**

An entirely new way to measure, manage & control financial performance.

Advanced **Benchmarking**

An entirely new way to measure, manage & control financial performance.

Advanced **RCM**

For those needing billing help, we offer a flexible & transparent billing experience backed by powerful software & insightful expertise.

Get the service,
quality & positive
outcomes you &
your physician
clients expect.

Daunted by staggering regulatory changes and increasing payer sophistication, today's private practice physicians are facing a formidable array of operational, compliancy, and profitability challenges. To overcome these challenges, AdvancedMD continues to invest in people, processes and technologies.

Implementation

Our priority is making sure practices experience a successful implementation and adoption. We offer optional fast-track programs that help practices get started in as little as one week.

Service, training & support

Practices get fast, experienced help from our team of friendly and knowledgeable support staff. When practices contact our support team, they're tapping into a dedicated pool of expert resources.

Professional Services

Your clients have goals, dreams and expectations (as well as a practice to run). Getting friendly, professional, high quality training and consulting assistance has never been easier. Our team of experienced consultants and workflow experts can provide guidance and assistance to help your clients get the most from their AdvancedMD experience.

MACRA Experts & Support

In addition to investing significant resources to ensure our platform is compliant for MACRA & MIPS, AdvancedMD has a MACRA Posse, comprised of more than 10 MACRA experts. Our MACRA team produces educational MACRA-themed feeds on Twitter, Facebook, LinkedIn and AdvancedMD blogs, MACRA website, Webinars, professional services, eBooks and one-sheet desk guides. Our professional services includes reporting assistance to help you help your provider clients.

Leverage the time-tested AdvancedMD approach.

The all-in-one cloud suite from AdvancedMD is the unparalleled choice for total practice performance. You are able to offer the most advanced platform of seamlessly integrated technologies to give a consistent user experience and immediate access to all data that is centrally managed in the AdvancedMD cloud.

With AdvancedMD, you physician clients can achieve a remarkable outcome: the ability to manage higher patient volumes with improved productivity and financial performance.

Help grow your clients' practices. Help them treat more patients. Help physicians work on the go. Measure and benchmark their revenue. Position yourself as a paramount expert in private practice workflow and financial performance. Retain clients for life.
