

# REVENUE CYCLE MANAGEMENT

## for Dermatology

Our billing professionals understand the unique needs of your specialty, payor mix and patients. We manage your entire revenue cycle across all your channels, so you can collect more without the heavy lifting.

It's this unique management style that allows us to achieve best-in-class financial outcomes for our clients. Check our recent results for physicians like you in your specialty and practice size.

### Visibility & Reporting

- Payor collections
- Detailed denial analysis
- Patient collections
- Unbilled patients

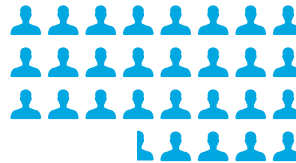

### Revenue Improvement

We want to be an extension of your business. Transparency with our clients has netted collaboration and process improvements. Utilizing the same tools as our clients ensures all technology is being used. Utilizing the same tools as our clients, and being the developer, allows us to help you maximize the technology available for your staff and patients.

- Denial management
- Statements sent daily & monthly
