

BEHAVIORAL & MENTAL HEALTH SOFTWARE PRICING.

\$299/month

Complete AdvancedMD Master Collection for Mental Health.

EHR designed exclusively for mental health is bundled with our practice management and client engagement tools to streamline your practice workflow. It's the automation across all our technologies that creates a unified experience for every role of your mental health practice.

AdvancedMD software and data storage are hosted on the Amazon Web Services (AWS) cloud platform. Combined, AdvancedMD and AWS offer an unprecedented software experience with fast and reliable access to all your information, unwavering data security, and simplified storage with automatic backup. We selected AWS as the ideal way to future proof your practice by allowing you to grow and scale your mental health business without IT limitations.
