

PATIENT PAYS. SYSTEM WHIRRS. COLLECTION NIRVANA

GROW YOUR PRACTICE WITH THE EASIEST WAY TO
COLLECT PAYMENTS FROM PATIENTS

Our intuitive credit card processing is fully integrated within the familiar AdvancedMD workflow, so automation takes care of lots of manual processes and lets you spend more time growing your practice instead of running it.

Credit Card Center gives all the robust features found in a high-volume retail merchant account. AdvancedMD practice management includes our Credit Card Center where you are able to sign up for new merchant accounts, search and review transactions, run credit card processing summary reports, and manage chargeback notifications and other general management functions.

Multiple ways to leverage our practice management to stay in control. We include multiple payment entry screens across your workflow that are designed to streamline how you process credit card charges and email receipts for a truly paperless experience. Our credit-card-on-file functionality lets you automatically charge patient credit cards on demand or in batches.

Empower patients with our self-service patient portal and collect payments effortlessly. Utilize our friendly and convenient online payment portal to collect fast electronic payments. Features include bill-pay reminders, online statements and convenient payment plans help your practice reduce days in A/R.

A unified
experience
from
automated
workflow.

A health payment system to process credit cards onsite and online.

Our healthcare payment system helps you grow your practice with a robust credit and debit card payment processing solution designed exclusively for the healthcare payments environment. Our point-of-sale and remote pay technologies are proven to collect healthcare payments faster with reduced administrative overhead and cost.

Foster Efficiency

Streamline front office operations to provide better patient and staff experiences.

Improve Productivity

Automation lets you work smarter to get more out of your staff, time and resources.

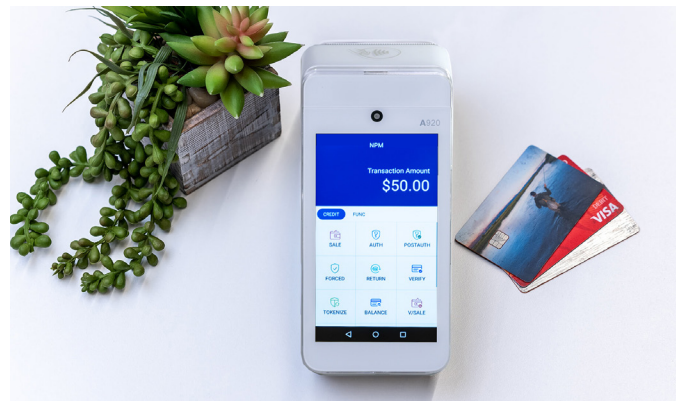

Grow your Bottom Line

Precisely manage margins, control expenses and increase patient revenue collections.

Transaction Pricing

We offer our healthcare credit card processing feature for free as an add-on to our standard AdvancedMD software subscription. Pricing is all-inclusive, meaning there are no additional monthly subscription costs or minimum requirements. Our fees are based on a per-transaction model, which makes AdvancedMD Pay predictable and highly affordable for practices of any size.

- **Setup for AdvancedMD Pay:** \$150 per office key.
- **In-person payments:** 30¢ per transaction + 2.6% of payment amount.
- **Card-not-present payments:** 30¢ per transaction + 3.0% of payment amount.

Terminal Pricing

We offer the PAX A920 terminal to help you collect card-present payments at your front desk. This device is tested and proven to work seamlessly and securely using your secure wireless network (Wi-Fi). You gain a highly modern style and large color touchscreen. We preinstall all software and configure the PAX A920 terminals to work out of the box with AdvancedMD.

- **Per unit pricing:** \$500/terminal, regardless of quantity.
- **Leasing:** Multiple unit discounts & leasing options are under review.
